

## Instructions

- 1) Cut out the square
- 2) Fold along both black dashed lines and open
- 3) Fold the blue dotted lines so that numbers are on one side and colours on the other
- 4) Put the sheet number side up
- 5) Fold along the red lines so that the numbers are hidden
- 6) Fold in half so you can just see the single disk cards, 2 on each side.
- 7) Open up your chatterbox. Can you learn all the numbers?

## Instructions
